### **Club Update...From the Committee.**

Hi everyone.

The first club social day had record attendance which was great to see. Although we suspect it had something to do with a certain prize draw, it was excellent to see so many new and long-standing members keen to start the new season. The fish are helping the season get off to a good start too, with many snapper being caught out in the bay already, along with plenty of gurnard. Check out the facebook page to see some of the member photos.

John Conning was the lucky winner of the rod and reel after a very interesting talk by Dan Govier on how he got started building AquaZition rods & the amount of research and preparation he's done. Congratulations John! And thanks for the great talk Dan.

Di Connolly from Remax Elite real estate provided a lovely spread of sandwiches, salmon rolls and treats for the kids. For those of you who couldn't make it on the day, Di is one of our club sponsors. If you list your house for sale with Di she will gift \$500 to the club when it sells!
